PURPOSE FILL
HANDLING WASTE • EFFICIENTLY • TOGETHER

GENERAL WASTE DISPOSABLE BAG

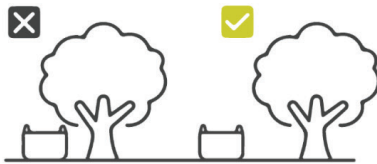

3M³

WEIGHT ALLOWANCE 750KG LIMIT

Any excess weight is charged at 20 cents per kilogram. If your Purpose Bag is overloaded, we may not be able to collect it. To help you stay within your weight allowance, keep heavy materials to a minimum and keep at the bottom of your bag. For example concrete, soil, bricks, stones, rubble.

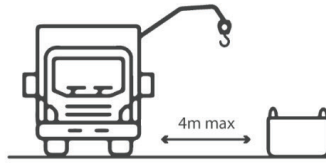

PLACING THE BAG CORRECTLY

1.

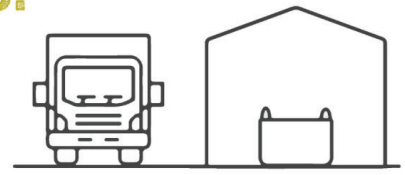

Do not place under trees or power lines

2.

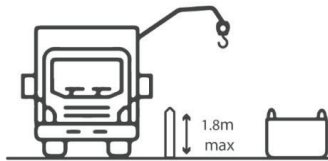

The bag has to be within 4 meters from where the truck can park.

3.

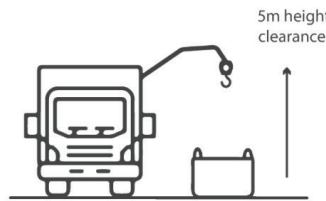

You can place your bag in the garage, however we may need to drag the bag closer to the truck.

4.

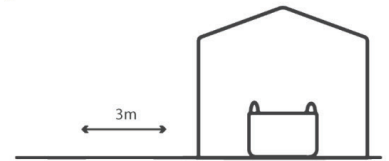

We can lift a bag over a fence if the fence is no higher than 1.8m

5.

We need a height clearance of at least 5 meters so we can extend our crane without hitting anything.

6.

We need the drive way to be at least 3m wide. So the truck can drive onto the property

INSTRUCTIONS - PURPOSE BAG

- 1 Order online or call us on 0800 50 10 20.
- 2 We will deliver your Purpose Bag to your doorstep.
- 3 Fill the bag, no hire periods to worry about, fill in your own time.
